# topolino capo *2K*

## The camera system with 2K resolution for complex templates

The camera system topolino capo 2K combines highest resolution (2,5x higher than HD) with a huge magnification lange from approx. 0,9x to 100x in reading mode*.Texts and pictures even larger than DIN A3 are being displayed contrast enhanced and razor sharp. These characteristics are unique and thus ideal for professional use.

The integrated HDMI- and USB 3.0 interfaces make sure that topolino capo 2K can be connected to a 2K monitor, or a PC or notebook.

The optionally available battery and XY table upgrade comfortability of topolino-capo 2K. For transport, fold up the unit easily and space savingly.

## Your benefits at a glance

- transportable 2K reading-/ distance viewing camera in highest resolution
- up to 2048 x 1280p*
- approx. 22x lossless magnification in FullHD, magnification in reading mode
- approx. 0,9x to 100x*
- compatible with Windows 10, 11, macOS und iPad
- razor sharp display of more than a DIN A3 page
- overview mode via fading cross display
- HDMI- and USB 3.0 interface
- compatible with SuperNova and Zoomtext, e.g. for display in split screen mode
- intuitive and flexible operation: via camera, remote control or PC keyboard

*depending on monitor size and connection (USB 3.0 or HDMI)
